COURSES

Web Development Fundamental   May 2025

Completed a course covering HTML, CSS, and JavaScript for building responsive, accessible, and interactive websites. Gained experience in performance optimization, version control (Git), and foundational skills for frameworks like React and Next.js.

Advanced Fronted Development   Aug 2025

Completed a course on building scalable web applications using React, Next.js, Vite, and Tailwind CSS. Gained expertise in component-based architecture, state management, API integration, performance optimization, and modern tooling workflows, applying advanced concepts like SSR and PWAs to real-world projects.

INTERNSHIPS

IT Department   Sep 2025 - Nov 2025

Igire Rwanda Organisation, Kigali city

Igire Rwanda is a youth-focused organization that empowers young women and vulnerable groups through advanced digital skills, entrepreneurship, and career development programs.

CERTIFICATES

Sales and Marketing   Feb 2024

I completed trainings on sales and Marketing, customer Services and digital services with scope of partner Rwanda Project under SOS Children's Villages and Bildungswerk der Baden-Wurttembergischen Wirtschaft e. V(BiWE).

Web development Fundamentals   May 2025

Completed a course covering HTML, CSS, and JavaScript for building responsive, accessible, and interactive websites. Gained experience in performance optimization, version control (Git).

ACHIEVEMENTS

- Developed and deployed scalable, responsive dashboards using React, Next.js, Vite, and Tailwind CSS, enhancing user engagement and data accessibility.
- Implemented real-time data integration features into web applications to support dynamic decision-making processes for SMEs.
- Collaborated with cross-functional teams to design and launch projects that support business growth and digital transformation for small and medium enterprises.
